PROFILE INFO

Motivated computer science student with a growing focus on cybersecurity. I've gained hands-on experience through web testing, building features for an e-learning platform, and working with technologies like HTML, Java, and basic automation testing. I'm comfortable with cybersecurity fundamentals, platform customization, and writing clear technical documentation. I'm looking for a cybersecurity internship where I can keep developing my skills, contribute to real projects, and grow within a modern, security-driven environment.

EDUCATION

2022 - Present
SESAME UNIVERSITY

- Licence en Informatique et Multimedia
